Staff members present: Rachel Leininger—Director of Recreation and Citizen Engagement

1. Approve Minutes—A motion was made by Mr. Reintz to approve the minutes, and Ms. Johnson seconded the motion. All ayes.
2. Discuss Next Steps: Mr. Weis led the group in a planning process to refine a list of hypotheses and areas for deeper understanding. The group revisited the hypotheses formed from 10/2020, then added to the list to identify high potential areas of interest. Each member listed the identified areas of interest on post-it notes, then prioritized each area identified. Each team member then identified their main areas of interest. Mr. Weis took the compiled information and told the group he would form the teams based on the areas of interest and would notify members via email.
