## Wyoming Village Green Pavilion Sponsorship Opportunities

The Wyoming Recreation Foundation and the City of Wyoming are proud to announce the design and planning process of a permanent Performance Pavilion to our Village Green space. Our vision with this pavilion is to enhance our programming and events! We hope this year you will join us to provide a space that welcomes the arts, culture, entertainment, and community gatherings within the heart of the Village and downtown area for generations to come.

The budget to accomplish the first phase of construction is \$300,000. This would provide a state-of-the-art performance pavilion for the utilization of our entire region. We are also looking to go a step further to better serve our community. The second phase of construction has a focus on sustainability education and will cost an additional \$200,000, completing the project. This will provide a living wall by Urban Blooms, as well as a number of sustainability education features ranging from pollinator gardens to rainwater harvesting.

Included is a detailed sponsorship proposal. If you are interested in becoming a sponsor of The Wyoming Village Green Pavilion, please don't hesitate to contact us. Additionally, Matt Hughes, Development Council or Monica Tuck, Fundraising Chair, will follow up to see if you have any questions we can answer about the proposal. Thank you in advance for taking the time to review our sponsorship proposal package. Please keep in mind all donations are tax deductible.
